If you're wondering...Importance of teacher grants -providing grants for immediate funding for enhancements that might not be approved, or they would totally lack.

Presidents Report

Invitation from Community Council for the Executive LCC Committee, Lighthouse Leader Hall of Fame Dinner. Thursday Nov 1st. Reservations due by Friday October 12th.

Update on Cub Scouts re-chartering issues. This was a district wide issue. The Boy Scouts thought they were chartered thru the schools, which after investigation was never formalized. It's been on hold since last month.
Last Wednesday district sent a statement saying they met with Boy Scouts and clarified that we did not have any obligation to sign the charters. The District is saying it's up to

the individual Community Clubs. It's a big commitment to charter due to the legal relationship. This will need to be taken to the exec board. If the LCC doesn't charter, there are other options such as churches, or private citizens.

Ryan Palmer suggested Westside Neighborhood Association.

Vice President's Report

Sean Conway spoke about the Boundary Update
Sunset went to a 2-section school with their new construction completion. The district needs to take kids from Swanson and Loveland to fill it. As of now, grandfathering the current kids is not a certainty. The board will vote on this issue.

Three new proposals, for Boundary updates for just 3 schools (Sunset, Loveland & Swanson). These are the only schools on the table for changing boundary lines.
Association - #1 FRL options Leaves most of Loveland looking like it should. Sunset goes down, Swanson goes up.
Neighborhood - #2 84th Street and cuts Cedar. Sunset goes over enrollment. It bumps Loveland up to 31% FRL.
Block -#3 Changes the Loveland boundary a little bit.
2 & 3 options move many streets with very little kid movement
This will be voted on this year and implemented for the next school year.

A public boundary meeting will be held on Nov 8th at 6 pm at Swanson. Please attend and make certain your voice is heard.
